

BASE BALL COMMENT.

The Toledo team arrived in the city ast evening, and are stopping at the Howell house. This afternoon the Swamp Angels' will buck up against the Nailers in the opening game of the second Inter-state season. The game should be a great contest. Since Toledo was here last the team has been greatly strongthened and has come up the ladder in the first season from sixth in sec-end place, ending on a tie with Wheeling. Their team has been playing great ball and will give Wheeling a hard tussle in the opening series of the second season.

the opening series of the second season.

Manager Torreyson called at the Intelligencer office last night and talked interestingly of his team. Of course he expects to take the majority of the games here. This afternoon he will put Kelb in the box. This is the young left-hander who put the screws to Wheeling on the Island grounds the day before Decoration Day, Opposed to him will the Haker or Borchers, for the Wheelings. If the latter pitches it is hoped that he will be hole to go through nine innings without giving twelve bases on balls.

without giving twelve bases on balls.

Last night the Wheeling management whetted its little axe and chopped off the heads of two of the Nailers, Pitcher Irwin and Third Baseman Babb. It remains to be seen whether their release is the proper thing. Babb has been putting up a good game at third and his hitting was frequent and opportune. The fact that the Wheelings had accepted the terms of George Westlake, the local player, who has been playing with Hazleton and Carbondaic, of the Pennsylvania state league, caused Babb's release. This is a rather costly move as the Wheeling management paid out \$55 of Babb's fare from the Paclig coast to the east. Babb met Manager Terreyson, of the Toledos, last night, and in about three minutes had attached his name to a Toledo gontract. He will play at short field this afternoon for the visitors.

Pitcher Irwin is as yet unengaged. He is a promising twirler who has won live out of the seven games he has pitched for Wheeling; on his record it would seen to be the wrong thing to let him go. But the fact that the club is carrying free twirlers made it necessary to let one go, and Irwin was considered the least useful man of the lot. Those now on the payroll and with which Wheeling expects to haul down the second season pennant are Garvey, Baker, Campbell, and Borchers. Many cranks will argue that it would have been well to retain Irwin until it is seen whether. Borchers is going to steady down or not.

Manager Torreyson had not arranged the batting order for Toledo last night, but the positions will be as follows probably: Kelb, pitcher; Arthur, catcher; Clifford, first; Beck, second; Ceell, chird; Babb, short; McGlanias, left; Vetters, center; and Keeman, right; field.— If possible Manager Torreyson will secure Harry Pritchard to play first base this afternoon.

Manager Torreyson, of the Toledos, requests Harry Pritchard, to call on him at the Howell house this morning. If "Pritch" fills the bill he will receive an offer from the Toledo management.

Frank Torreyson is again manager of the Toledo team, both on and off the field. "Big Bill" O'Brien, who re-placed Torreyson as team manager a month ago, was released Tuesday. Tor-reyson is after a good man for captain of the team.

Toledo mada an effort to sign "Jack" Delaney, the old Canton second baseman, who was one of the fuest a few years ago, but "Del" had attached his autograph to a Youngstown contract just five hours before.

BASE BALL COMMENT.

News and Comment Thronghout the Inter-State Circuit.
The New Castle Courant Guardian is

a paper that prints one side only—the home team's side. It printed the libel given out by Manager Faatz, in which falsehood after falsehood were sprung on the New Castle base ball public to explain the poor showing of their team against Wheeling. In Tuesday's issue, the paper referred to so far forget itself the paper referred to so far forset itself as to assign the true reason for New Castle's reversea, in these words: 'The New Castle club has been doing some unexcusably poor playing during the past week.' Assile from the bad grammar that does very well. Now go a step farther and tell the New Castle public that you published a falsehood when you said that your team was robbed, assaulted and generally mistreated here.

The Toledo Commercial remarks that the Wheeling papers have had the Naliers in second place for over a week. Though this statement is not entirely correct, yet the Naliers did finish on even terms with Toledo at the wind-up. The Commercial thinks the Wheeling table of standing is wrong and that two defeats which were protested games are not counted. Both are counted. The Commercial's table is obviously incorrect because the number of games lost by the eight clubs is not the same as the number won. Another thing, the Wheeling table of standing is identical with the table given out by President Power, of the lengue, and is correct, Toledo to the contrary, notwithstanding.

Youngstown will not be so likely a candidate for tall-end honors in the second season. The team as it stands now, is a strong aggregation of ball tossers. Manager Schieble has lines out for two infielders and two more pitchers. With this additional faient, the Youngstowns will be in the push from start to finish.

WILL WASHINGTON PLICKER ! It to Said this Week's Games will Wind

Up the Seaton There.
Special Dispatch to the Intelligencer.

WASHINGTON, Pa., July 15 .- This week will probably wind up professional base ball in Washington. The team has been a loser financially at home, the at-tendance not averaging 200 people at-each game. Mr. McKeown will go to Pittsburgh to-morrow to confer with Precident Power, of the Inter-state league, and endeavor to arrange for the transferring of the Washingtons to an-other town after this week. This is not learned from an official source, direct, but it is correct. It is thought probable that the best of the Findlay and Wash-ington teams will be merged and plac-ed in Findlay next week.

The body, after being embaimed art Parkersburg, W. Va., was placed in a magnificent cusket, and the women spent large sums for floral tributes, which were placed upon the box. W transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remove with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to vote when you purchase, that you have the genuine article, which is manufactured by the California-Fig Syrup Co, only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If affilicted with any actual disease, one may be commended to the most skillful physicians, but if in field of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely sed and gives most general satisfaction. Harry J. Pocock obtained a ten days' leave of absence last week, dating from Friday, and announced his intention of making a tour of some of the eastern cities, His principal stay was to have been made at Atlantic City, N.
